THE ART OF PERFORMANCE

The Giulia Veloce was born from racing bloodlines. Beneath its sculpted bonnet beats a turbocharged 2.0-litre engine producing 280hp and 400Nm, power that translates into rear-wheel-driven poise through a sensational 8-speed automatic transmission.

Every element has been tuned for equilibrium: near-perfect weight distribution and Alfa DNA drive modes that respond to your every impulse. In the Giulia, control feels instinctive, and performance becomes art in motion.

Drive — Beautifully

Since 1910, Alfa Romeo has defined what it means to drive with passion. The Giulia embodies this legacy, not as a memory, but as a living expression of performance and elegance.

Its silhouette, its sound, its soul, all speak the language of movement. The Giulia doesn't just respond to your touch; it becomes an extension of you. Every journey, a dialogue between heritage and desire.
